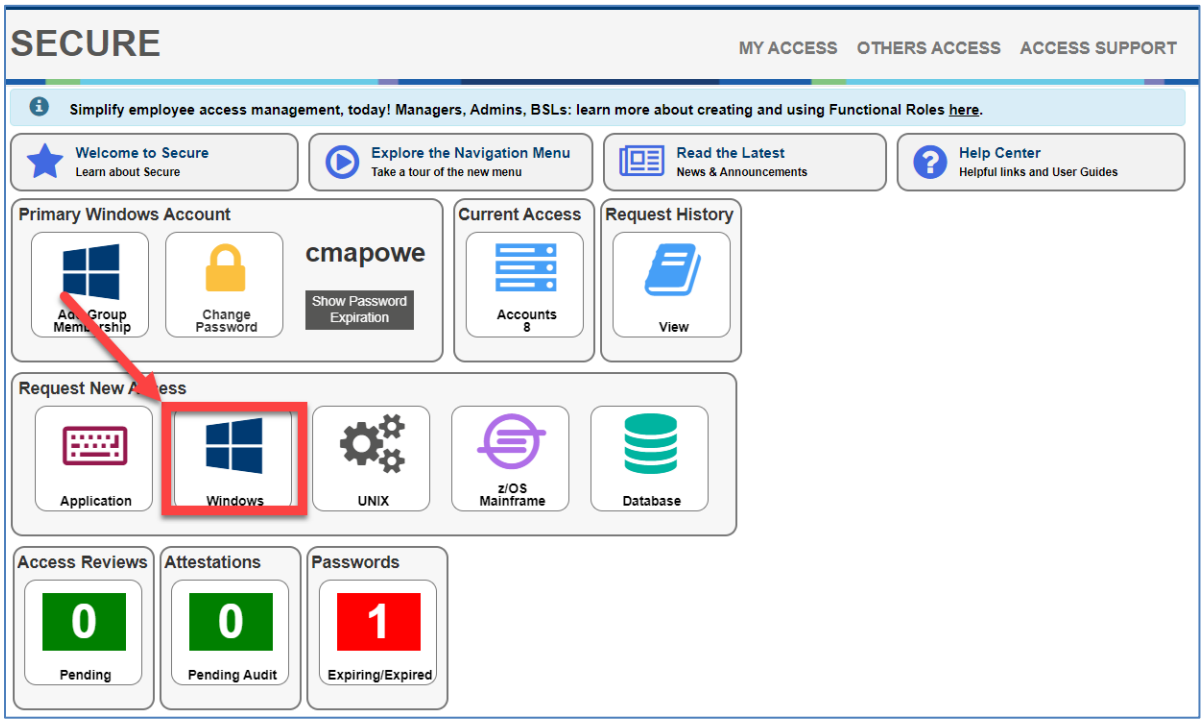
Objective

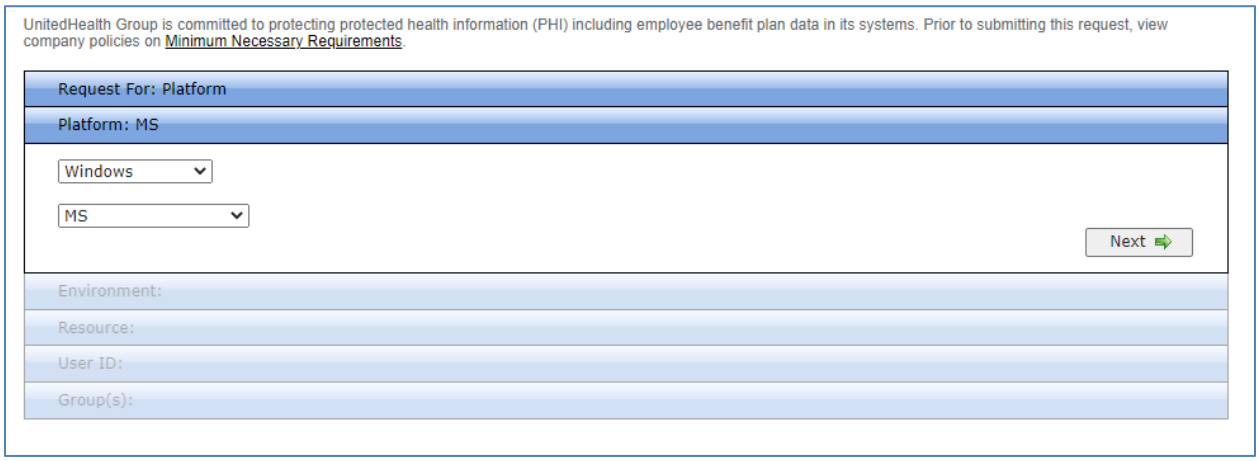
This document describes how to request access and use Policy Integration Management System (PIMS).

Request Access via SECURE

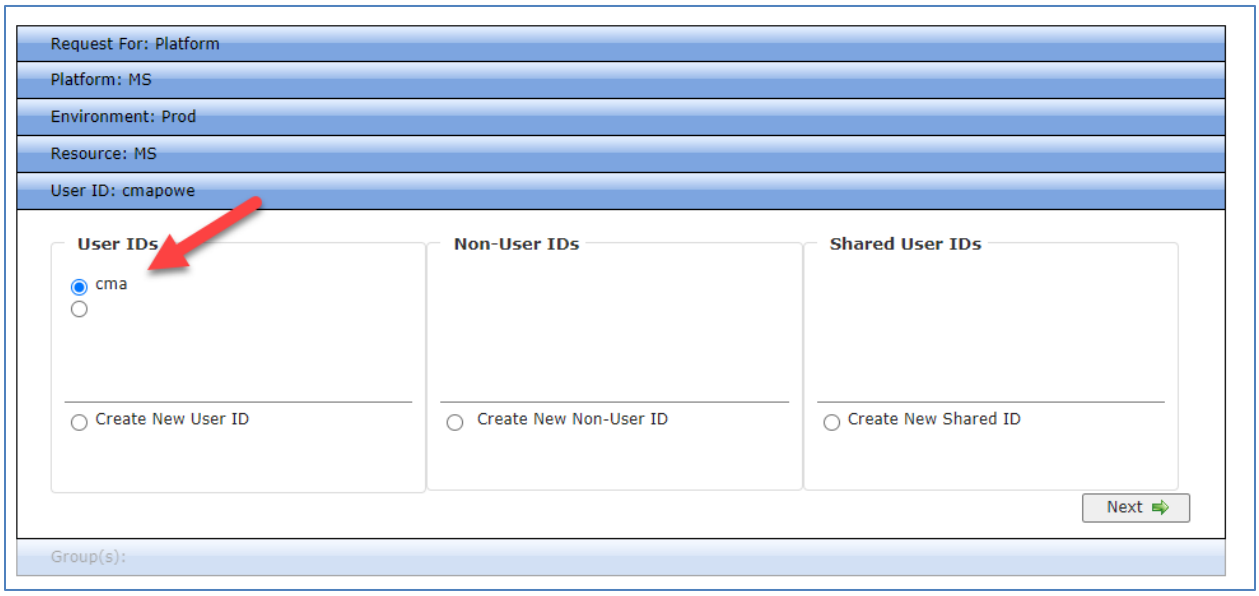
Step 1: Go to https://secure.uhc.com/ site and request access to Policy Integration Management System (PIMS) web application. Go to the Request New Access section and select the Windows icon.



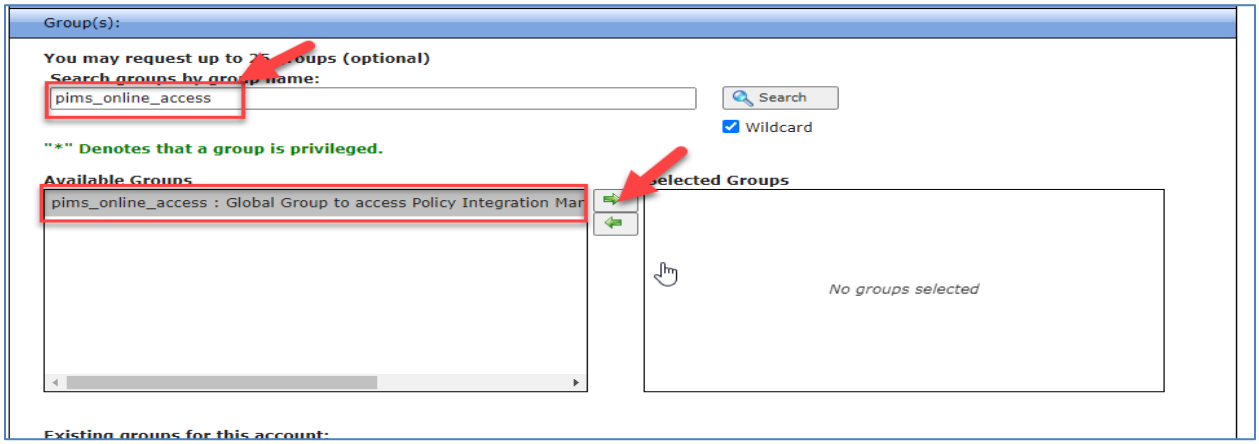
Step 2: Select Windows and MS in the dropdown selection boxes then click next.



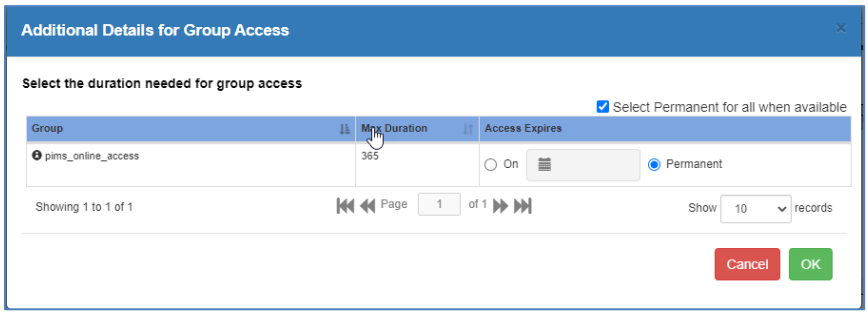
Step 3: Select your User ID then click next.



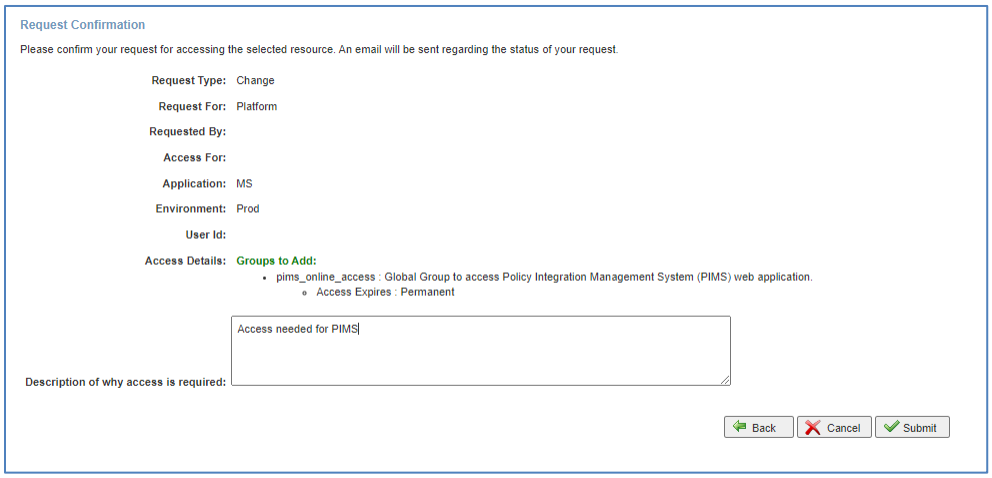
Step 4: Search for SCANS then select "**pims_online_access*: pims_online_access is used to access Policy Integration Management System (PIMS) web application"***. Click the arrow button to move the selected option to ***Selected Groups*** then click next.



Step 4: Select your access duration.

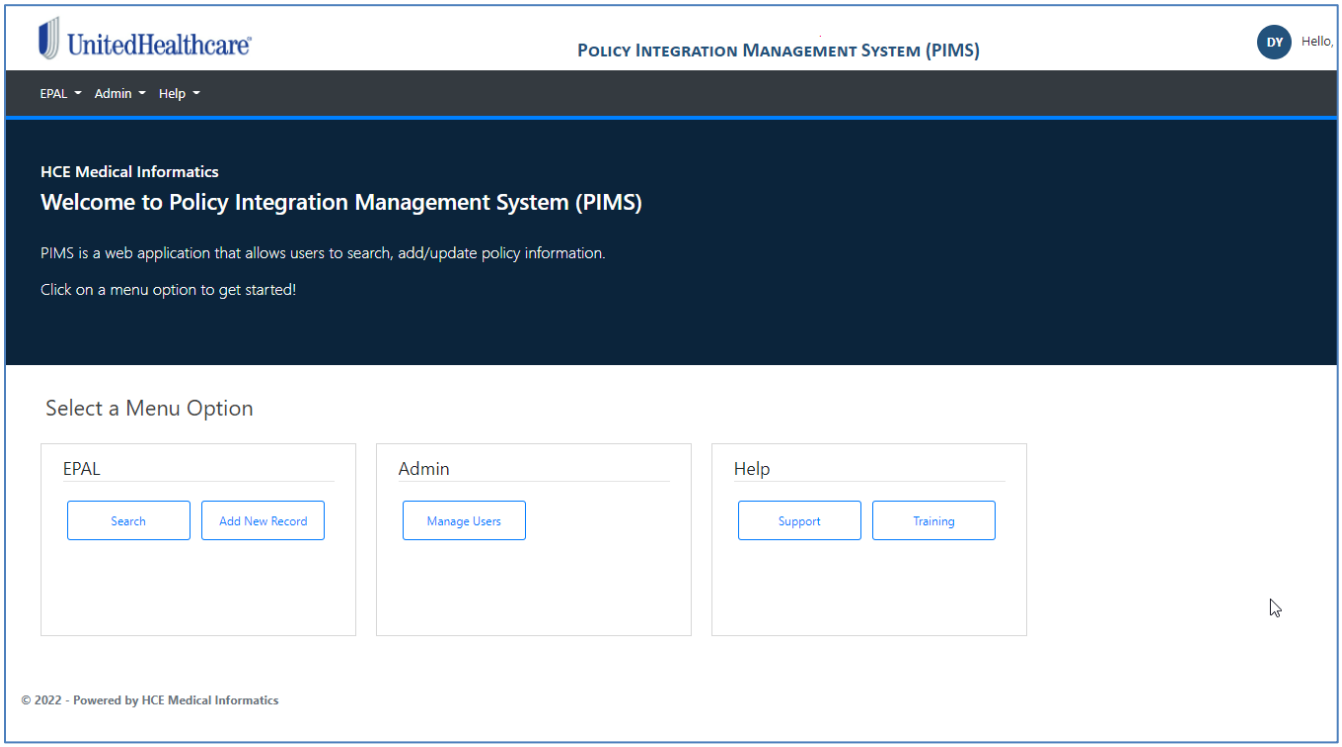


Step 5: Enter the **'Description of why access is required'** field.



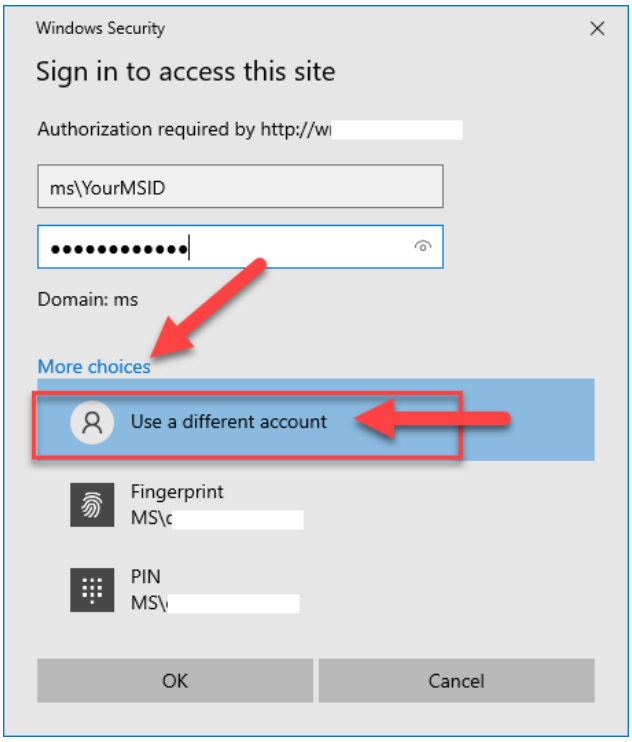
Step 6: Click 'Submit'. Your manager should get a request for approval. Once your request gets approved, you can then access the site by going to the URL below:

- https://hcemi-apps3-stage.uhc.com/pims (training site)
- https://hcemi-apps3.uhc.com/pims (Production site)



Step 7: When using MS Edge as your default browser, in order to login to PIMS for the first time, you will be required to enter your MSID and password.

Click on the More choices option, and select Use a different account in order to pass in your MSID and password.



END
